

## 內蒙輪椅捐贈剪影

### Montage of Wheelchair Donation in Inner Mongolia

騎士在一望無際的平原上放情地奔馳，這本是內蒙古常見的景象，但對不良於行的殘疾人士，却是可望而不可及的情景。他所渴望的，往往是一張可代步的輪椅。一隊主要由美國義工組成的14人輪椅隊，不遠千里，來到內蒙古，目的就是要捐贈550張輪椅給貧困患病，這由如從天而來的愛心禮物，令病人及家人喜出望外而且充滿感謝。

*Horseback racing in a wide stretch of flat land should be a common scene in Inner Mongolia. However, to many handicapped patients, it is an unreachable dream. What they hope for is just a simple wheelchair so that they can move around easily. A 14-member wheelchair team, formed mainly by U.S. volunteers, traveled thousands of miles to Inner Mongolia. Their purpose is to donate 550 wheelchairs to indigent patients. This God-sent present is a great surprise to many thankful patients and families.*
