A 14-year of Yazidi girl with bilateral congenital clubfoot. Patient already had 2 surgeries on the right foot and one surgery on the left foot when she first came to HIS Foundation for treatment. Patient had poor balance and walked with a very unsteady gait. She also had pain in both feet. After surgeries, both feet were corrected with much improvement, and she walked with a steady pain free gait.

一位14歲的雅茲迪女孩，患有先天性雙側馬蹄內翻，到天鄰基金會就醫前，右足已經接受了2次手術，而左足已做了一次手術，走路非常困難、不穩而且疼痛。手術矯正後，雙足位置已大有改善，走路平穩及沒有痛楚。
